List all colleges and universities from which you have earned a degree:

College	Degree/Date
_____	_____

\_\_\_\_\_ Term you intend to begin your program of study. Tuition will be assessed at undergraduate rates.

Students who have a recognized baccalaureate degree may enter the University of Northern Iowa as an undergraduate student to pursue one of the following programs of study (check one):

\_\_\_ **Second Baccalaureate Degree** (Requires submission of official transcripts from all colleges and universities previously attended. With this category you will be classified as a senior.) Enter the code number (as listed on the reverse side) for your academic interest: \_\_\_\_\_. Declaration of Curriculum form must also be completed in addition to this application. This form is available in the Registrar's Office.

\_\_\_ **Teacher Licensure** (For acquiring original licensure or adding new endorsements through UNI recommendation - **NOT for renewals or Board of Educational Examiners minimum requirements.** Requires admission to teacher education and submission of official transcripts from all colleges and universities previously attended. This program requires the completion of a minimum of 12 semester hours at UNI before recommendation to the Board of Educational Examiners will be made. With this category you will be classified as a senior for registration purposes.)

A. If you presently hold a teaching license, in which state and what level(s) and subject area(s) are you licensed?

State	Level	Areas
_____	_____	_____

B. What level(s) and/or subject area(s) do you wish UNI to recommend you for licensure?

\_\_\_ **Non-Degree Undergraduate with Baccalaureate Degree** (Including license renewal and Board of Educational Examiners minimum requirements. With this category you will be considered an **unclassified** student. This program requires verification of previous baccalaureate degree or submission of official transcript from degree granting institution.)

I accept the fact that once enrolled as an undergraduate through this option, I may at any time seek admission to graduate study; but once that is granted, I may not again revert to undergraduate student status until after the graduate program is completed. As a student with a recognized baccalaureate degree, I understand that the credit earned while enrolled as an undergraduate will **not** be authorized as graduate credit regardless of the level of the courses completed. I understand that all credit earned will be undergraduate credit and, therefore, may never be used on a graduate degree program. I realize that failure to follow the program of study prepared for me may cause the Registrar's Office to review and possibly alter my classification and registration status.
