Staff Health Form

Name _____

Position _____

The primary responsibility of a work-study staff member is to assist the Child Development Center teachers in maintaining a safe, warm, and secure environment for young children. This is accomplished by interacting with or providing the routine care of an individual child or a small group of children. Since we are involved with the wholesome emotional growth of each child, each staff member must be in good physical and mental health.

- a. I certify based upon my examination that this person appears to be free of illness detrimental to children.
- b. I certify based upon my examination that this person appears to be physically and mentally able to work with young children.
- c. Date of negative PPD Tuberculin skin test _____
