School _____

Address _____

City, State, Zip Code _____

County _____

phone contact _____

e-mail contact _____

Section, Township and Range (optional) _____

1. Attach a county road map, topographic map or aerial photo of the area in which the prairie is to be planted. Mark the area to be planted.

Attach an aerial drawing of your plans for planting. The following is an example.

Attach a side view drawing of what you expect the prairie plot to look like when it is mature.

The following is an example.

List the species of the seeds you wish to plant and indicate the quantity of each needed.
Consult the seedling identification books to determine the number or ounces of seed needed.
