- A. Bachelor's degree with a minor in Educational Technology  
 B. Master's degree in Performance & Training Technology  
 C. Master's degree in Instructional Technology

Undergraduate GPA \_\_\_\_\_ Graduate GPA \_\_\_\_\_

Classification: Junior \_\_\_\_\_ Senior \_\_\_\_\_ Graduate \_\_\_\_\_

Attach the following to your application form (application packets must be complete):

- Resume
- Description of educational and professional activities as they relate to this scholarship
- Transcript or Plan of Study Audit from the UNI Registrar's Office
- Sample project or paper from at least one course taken within the program
- A single-spaced (Times/12 point font/ 1-inch margins) one-page response to the following statement. State your reaction to this statement and the role of the technology specialist as you envision it. Give your own reactions and options rather than those of some author.

“We have seen in each of the last three decades technological advances that were supposed to revolutionize learning opportunities fall short of reaching their potential. We must learn from our past. It takes more than just hardware and materials to make improvements to education or training.”

All application materials must be received by the due date. Submit application packets to:
