

The Iowa Communication Association

Recognition of Achievement in Speech Communication

Beginning in 2008, ICA will recognize college students who have completed a required number of credits in speech communication courses (public speaking, interpersonal communication, small group discussion, intercultural communication, oral interpretation, professional communication, organizational communication, radio and TV communication, and other courses directly related to speech communication) with a high level of accomplishment.

Criteria for Award:

1. Completion of 9 credits of speech communication or related courses for students at 2-year institutions and completion of 18 credits of speech communication or related courses for students at 4-year institutions.
2. A GPA of 3.25 for communication or communication-related courses.

Implementation:

1. ICA will offer separate recognition both to four-year and two-year institutions.
2. Students will complete a brief application form and submit it to a full-time speech communication faculty member of that institution.
3. The registrar of the institution will verify the course work and grade point of the student and then submit it to the secretary of ICA by June 1.
4. There will be no fee to submit an application to ICA.
5. The Secretary of ICA will send a paper award to the faculty member at the institution.
6. The faculty member will then present the award to the student and request the institution to include the student's achievement in the student's academic file.
7. The ICA Secretary will send information of the recognition to the local newspaper.
8. The ICA Secretary will submit the recipients' names to the ICA Newsletter editor.
