## ADVANCED STUDIES CERTIFICATE

### Focusing on standards, hands-on experience

The UNI Department of Educational Leadership, Counseling & Postsecondary Education is announcing its Spring 2010 Advanced Studies Certificate Program in Superintendency. The two-and-one-half year program is designed for individuals seeking endorsement in the state of Iowa as a superintendent.

This performance-based program is unique in that it minimizes student class time and maximizes on-site skill development while working with a lead mentor and mentors with special expertise. Students entering this program will be required to devote a considerable amount of time in an internship experience where work products and skills will be developed.

### Take the next step

**An informational, question-answer session** will be held Thursday, October 22, 2009, from 5 to 6 p.m. via the ICN at sites where interest has been expressed. E-mail [betty.hogan@uni.edu](mailto:betty.hogan@uni.edu) to request your reservation.

**Express your interest in the program** via our online form and we'll contact you with Spring 2010 enrollment details. [www.uni.edu/continuinged/superintendency](http://www.uni.edu/continuinged/superintendency)

**To speak with an educational leadership professor**, contact Bob Decker at 319-273-2443, Dave Else at 319-273-3358 or DeWitt Jones at 319-273-4546.

### Convenience through distance education

We recognize that multiple career and personal obligations, as well as travel limitations, may make it difficult for you to complete your degree entirely through on-campus study. **Our distance delivery methods can help.** Courses are offered Thursdays 6–9 p.m. during fall and spring semesters via the Iowa Communications Network (ICN). Many courses include an online component, and summer sessions may include some attendance on the UNI campus.

### Expand your possibilities

By enrolling in this program, you may also be able to apply for the doctoral program and have the credit hours apply toward the doctoral degree.
