

## SUMMER 2008

### Earn 3 hours credit through Archaeology field work

#### 990:172 Archaeological Field Experience

*Course number/title for undergraduate students*

#### 990:186g Fundamentals of Archaeology Field Work

*Course number/title for graduate students*

Archaeological field techniques like survey and excavation will be used to explore the prehistory and early history of Black Hawk County. Field research will be carried out at Hartman Reserve Nature Center (Cedar Falls) and other sites in the area.

Designed for Anthropology majors, teachers, advanced high school students and others interested in archaeology, this workshop first brings you to UNI's Archaeology Lab to learn about the archaeology of the Midwest and laboratory techniques including artifact processing and identification. The majority of the class is spent outdoors learning fundamentals of archaeology, such as map-making, shoveling and troweling, screening, field photography, and record-keeping.

#### Course requirements

Students should have the ability to participate in moderate physical activities, such as shoveling and hiking with equipment. Students should be prepared to work in a variety of environmental settings and in all types of weather — especially rain and heat.

Course grade will be determined by participation as well as quality of notes and documentation. Graduate students will complete an additional assignment.

#### Additional opportunities

For those interested, there may be optional field trips to additional archaeological sites and field schools. Also, as this is actual field research with the possibility of unearthing new sites and artifacts, there may be opportunities to present discoveries at a Public Archaeology Day and professional archaeological conferences throughout the next year — a great resume builder!

#### Dates, times, location

**June 9–11, 2008; M, T, W; 9 a.m. to 3 p.m.**

Innovative Teaching Technology Ctr, Rm 338, UNI campus

**June 12–26, 2008; M, T, W, Th; 8 a.m. to 4 p.m.**

Hartman Reserve Nature Center, Cedar Falls

#### Your instructor

Dr. Donald Gaff, UNI Sociology, Anthropology & Criminology

Dr. Gaff has supervised numerous archaeological projects in Wisconsin, Illinois, Indiana, and Michigan over the past 15 years.

#### Course credit

3 hours of undergraduate or graduate credit

*There are no prerequisites for this course.*

#### Tuition and fees

\$693 for 3 hours **undergraduate** credit

\$1077 for 3 hours **graduate** credit

Payable via university billing, Discover, MasterCard or VISA.

#### Enroll today!

Class size is limited. Sign up early to ensure your seat.
