

Welcome to the University of Northern Iowa! Improvement projects will change traffic patterns on campus this summer. This map will be a useful reference as you plan your trip to campus.

*Tip: Accessing campus from Hudson Road will be the easiest route this summer. If you are using Hwy 58 to get to Cedar Falls, exit at Greenhill Road (1 mile south of campus) and approach campus on Hudson Road from the south. You will avoid a congested construction zone on University Avenue between Hwy 58 and the UNI campus. 8/4/09*
