

The UNI Safe Zone Ally program's purposes are to provide greater awareness about how to be an effective ally to LGBTQ students, faculty, staff, administrators and visitors; and to provide a more connected network among those allies at UNI. Orientation sessions are the vehicles for fulfilling those purposes.

Orientations will be relaxed, but highly informative experiences, lasting 2.5 hours. At the end of each orientation those attendees who choose to become a Safe Zone Ally—which is completely optional—may take a newly-designed Safe Zone Ally card to post in or around their room or office.

To attend *just one of three* 6:30-9pm orientations for this new program please call 273-2333 at least two days before the specific session you plan to attend:

**Monday, October 6 @ 109 Curris Business Building
Tuesday, October 21 @ 109 Curris Business Building
Wednesday, November 5 @ 244 Schindler Education Center**

Thank you for considering this invitation to help strengthen UNI's reputation for being a friendly, safe, welcoming learning environment *for everyone*.

Build communities of outstanding citizens and scholars through example, challenge and support.
