1. You are not married to anyone else.
2. You are at least 18 years old.
3. You are not related by blood closer than would bar marriage in the State of Iowa.

6. You will be married to one another within the first semester of apartment occupancy.

Certification of marriage by means of a valid marriage license must be provided to University Apartments no later than 30 days from the date of marriage. Failure to provide required documentation by this deadline is grounds for eviction.

We agree if the relationship should end and neither partner qualifies to continue residency in University Apartments we may both be required to vacate. We understand that housing is based on apartment availability, in the event the relationship ends, should both parties qualify to live in University Apartments, University Apartments cannot guarantee additional housing for the displaced non-contract holder. We understand that any false or misleading statements made in order to receive housing as domestic partners will result in contract cancellation. We confirm that the information stated here is true and correct to the best of our knowledge and that this "relationship contract" has been witnessed and notarized.
