

[Home](#) > Towers Move-in Fall 2014

Bender and Dancer Halls will be instituting a staggered move-in process. The process will give different houses priority for moving in at different times so that there will be shorter waits for the check-in process and the elevator. The priority check in times are designed to make the move-in process smoother for you. We hope that you will be able to make every effort to utilize the assigned time; however, we understand that it might not be possible for you to utilize the assigned time. If you are unable to move in during your priority, simply send an email to TowersMoveIn@uni.edu and let us know your name, room assignment, and when you will plan on moving in. If there are any major issues with your move-in time we will contact you. Thank you for your cooperation and see you in August!

Thursday, August 21, 2014
