

[Home](#) > Questions and answers about lofts, move-in, room layouts and more

Do you have a question? Please email: live@uni.edu or contact the Department of Residence at 319-273-2333.

Lofts

Where can I pick up my loft on move-in day?

Loft pick-up will be at the Campbell Hall lot south of Bender and Dancer and in the Strayer Wood Theater circle drive north of Hagemann Hall (loft pick-up for Noehren and Rider).

The hours are Thursday and Friday, 8 a.m. - 4 p.m. and Saturday 10 a.m. - 2 p.m. Rented lofts fit in the elevators.

What is the "free space" under the provided and rented lofts?

6 feet 9.5 inches x 3 feet floor space for both the provided and rented lofts

Is there a number for Bedloft.com?

866-651-5638

Please use the website when ordering a bedloft; that is the most efficient way to reserve a bedloft.

If I move in early for marching band, student employment, pre-season sports, etc., will I be able to get the rented loft early if they are living in Bender, Dancer, Noehren or Rider?

The lofts are delivered by semi for distribution beginning Thursday, August 22, so they can be picked up then.

Mattresses and bed springs will be in each room when the students move in. Two people can manage moving and setting up of the loft. Pieces are connected with bolts secured with wing nuts. No tools are required.

Move-in day

What if I cannot move-in at the times promoted for Bender and Dancer?

Each day after 3 p.m. is open move-in.

Room layouts

Where can I see room layouts?

Your room layout may be viewed by logging into your housing contract. In the Contract Status section, see "Room Reservation Details" and link to "View Floor Plan" at the base of the screen. This will take you to a view of the floor plan for your room. You can zoom in and out to see proximity to lounges, stairs, bathrooms and more. Additional room measurement detail is available on the [Residence Halls webpages](#).
