I want to thank Dr. Guy for collaborating with me on this recital. I can honestly say that without her, this recital would not have happened. I'd also like to thank Dr. Funderburk for guiding my education as a tuba player here at UNI. He has shown remarkable patience every time I screw up and do something stupid, which admittedly happens a lot. Thanks for putting up with me. I also owe a lot to my friends and fellow students here at UNI for their support. Lastly, I want to thank my parents for their loving support over the years. I'm extremely lucky to have parents who are supportive of me and my music.
