Alumni Educators	288
Presidential and Provost Scholars.....	2
Student Teaching Placements	9
NCAA Student Athletes	6
Business & Community Services Clients	57

Provides an integrated approach to meeting the needs of businesses, entrepreneurs and communities throughout Iowa and beyond. BCS leverages the intellectual capacity and practical experience of faculty, staff and students to solve the problems of its external constituents through specialized training and technology transfer, small business counseling, market research and analysis, innovative educational and technical advice related to the environment and environmentally sound practices, and hands-on community and economic development guidance.

UNI Outreach Activities in Bremer County

Center for Economic Education (CEE)

Works to increase the quantity and enhance the quality of economic education programs from kindergarten through college by conducting programs for teachers and working with school district officials to distribute appropriate curriculum materials.

Center for Energy and Environmental Education (CEEE)

Nurtures a positive environmental ethic and develops environmental literacy in children and adults. This mission is carried out through educational programming, instructional materials development, educational research, and community outreach.

Center for Social and Behavioral Research (CSBR)

Conducts original research and provides research-related services for community, state, and federal agencies.

Executive Development Center (EDC)

Provides comprehensive and leading-edge leadership training and education to business people and organizations to improve and maximize their performance and results in today's challenging and competitive business world.

Gallagher-Bluedorn Performing Arts Center (GBPAC)

Offers innovative programs and services designed to provide quality arts education experiences to individuals, families, and communities throughout the state.

Geographic Alliance of Iowa (GAI)

Works to improve the teaching of geography concepts and content by helping to develop high quality teaching materials and the training to use them.

GeoInformatics Training, Research, Education, and Extension (GeoTREE)

Transfers geospatial technologies to the individuals from federal, state, local, and tribal government (FLST) agencies through education, multi-disciplinary research, and outreach activities.

Institute for Educational Leadership (IEL)

Promotes the improvement of elementary, secondary, and post-secondary education throughout Iowa by serving as a catalyst for informed dialogue on educational issues impacting schools, developing collaborative relationships with individuals and/or organizations external to schools, and educational policy development.

Iowa Center on Health Disparities (ICHHD)

Provides a field-based training program that improves the cultural competency of health pre-professionals while increasing access to health programs for under-served and diverse populations.

Iowa Center for Immigrant Leadership and Integration (ICILI)

Guides and prepares Iowa communities and businesses as they accommodate immigrant and refugee newcomers living and working in Iowa.

Iowa Waste Reduction Center (IWRC)

Serves small businesses by providing assistance with environmental regulations, waste reduction, and the latest environmental technologies.

Metal Casting Center (MCC)

Provides educational services and technology transfer activities to promote increased productivity for the metal casting industry.

National Ag-Based Lubricants Center (NABL)

Provides a national focus for research and technology transfer activities that creates and nurtures the commercialization of bio-based lubricants; which will expand market opportunities for the agricultural community, minimize environmental impact, and help the United States become more energy independent.

Regional Business Center (RBC)

Offers technical, financial, and support services through classes, counseling, and a business resource library for Northeast Iowa entrepreneurs.

Small Business Development Center (SBDC)

Offers small business counseling services and educational programs for business formation.

Suzuki School

Provides individual and group lessons for over 200 children studying the violin, viola, cello, string bass, flute, and harp. The School also provides an adult string program and hosts numerous recitals and performances.

Tallgrass Prairie Center (TPC)

Provides research, techniques, education, and source-identified seed for restoration and preservation of native vegetation systems.

UNI Outreach Activities in Bremer County

UNI Museums

Offers events and programs to heighten student and public awareness of environmental and cultural diversity and serves as a forum for the discussion of global issues.

2+2 Program

Allows students to complete two years of a teacher education program through community college courses and then two years of classes taught by UNI faculty on location at the community college.
