## Chicago 2009

I really liked the trip to Chicago and although I had been there before, I still loved our trip. Everything went so well and was organized. We did almost all the things according to schedule.

I love Chicago because on the one hand you feel like you are in an ultra modern city but when you sit by Lake Michigan you feel so calm and so relaxed that all tensions go away. It's a nice place to visit for art lovers, shopping lovers, and peace lovers.
