What is ISFLC?

In 1997, the Iowa School Cash Anticipation Program (ISCAP) and the Iowa Schools Joint Investment Trust (ISJIT), in partnership with the Institute for Educational Leadership (IEL) at the University of Northern Iowa, formed the **Iowa Superintendents Finance and Leadership Consortium (ISFLC)**, a professional development program for Iowa superintendents to expand their knowledge base and develop fiscal management and leadership skills. The Consortium offers 2 day sessions to meet the varied fiscal management and leadership needs of Iowa superintendents and aspiring superintendents.

Aspiring Superintendents

A special invitation is extended to school leaders aspiring to the superintendency. ISFLC conferences are excellent opportunities to further develop your knowledge base and skills in preparation for the superintendency. Track 1 is the initial program of study for aspiring superintendents. After completing Track 1, aspiring superintendents may register for any of the remaining tracks.

Superintendents New to the State of Iowa

ISFLC welcomes educational leaders new to the superintendency and new to the state of Iowa. A special invitation is extended to you to attend the **New Superintendents Conference, September 21**. This one-day conference will provide you with a thorough introduction to Iowa school finance and the immediate tasks essential to your success as a superintendent. The Iowa School Joint Investment Trust (ISJIT) pays the cost of the conference.

Board Secretary/Business Manager Participation by Invitation

ISFLC recognizes the value of building leadership teams and learning together. Board secretaries and business managers are encouraged to attend upon invitation from their superintendents. You decide if your team will benefit most from registering for the same or different Tracks.

“This is such a great resource for both superintendents and business managers.”
