

**Turning Technologies, LLC Research and
Customer Reference Program**

Dear Participant,

Thank you for your interest in TurningPoint, as well as your agreement to participate in Turning Technologies reference and research program. Key points of participation are outlined below:

1. Provide Turning Technologies, LLC a document listing all events scheduled or to be scheduled at (insert school or organization name) where you intend to showcase TurningPoint.
2. Participation in the development of case studies that highlight your success and pro-active use of TurningPoint in the classroom. Both types of documents are typically created via periodic interviews with members of your staff that are using TurningPoint. Telephone interviews are typically 30 minutes in duration and will typically happen a couple of times throughout a grading period. At some point we may want to visit the school for a face to face interview and photo/video shoot. It is understood that the content created during this process and or photographs and video taken will be used in Turning Technologies, LLC publications (hard copy and web based) and may include quotes from your staff.
3. Participation in our TurningPoint reference program. From time to time we will call on a member of your staff to participate in a phone interview with a prospective TurningPoint user.

Indicate your agreement to participate in the above by completing all the information requested below. Upon completion sign and return via fax to:
