

Send All Calls

Activate **SEND CALLS** when you want your calls to go immediately to coverage.

To activate:

PRESS SEND CALLS

NOTE: You may hear a ring-ping tone from your telephone as each call is forwarded.

If your extension has a custom coverage path any calls will immediately be transferred to your first coverage point.

If you do NOT have a custom coverage path, any calls will immediately be transferred to voice mail.

To cancel:

PRESS: SEND CALLS BUTTON (while handset is on-hook)
