Blended Course Development Awards

changed 03/22/2011 - 10:11am

Faculty members are invited to participate in technology related workshops focused on blended course development (any combination of face-to-face and online elements) and other supportive tools the week of May 23rd. Two tracks are being offered to meet faculty needs depending on your level of experience and availability. Questions or comments? Please email us at idds@uni.edu [1] or call us at 273-2309 and ask for information about the **Blended Course Development Awards**. To participate, download and send in the **Blended Course Development Awards form** [2] by April 15, 2011.

This project is co-sponsored by Continuing and Distance Education [3] and ITS-Educational Technology.
