

# Faculty Focus Intersession Technology Integration Workshops, January 7-11

changed 12/10/2012 - 10:16am

A variety of intersession technology integration workshops, hosted by ITS-Educational Technology, will be offered throughout the week. Sessions will focus on technology's role in teaching and learning. Workshops will address topics related to blended and online learning, Bb Learn & integrated third party tools, accessibility in online learning, ifolio (UNI's eportfolio tool), the Rod Library Learning Commons project, polling technologies, plagiarism prevention technology, and more.

Visit <http://www.uni.edu/its/services/instructional-design-and-development/faculty-focus> [1] for a detailed schedule of workshops, descriptions, and to access online registration.
