Woman Dead in Apparent Murder on UNI Campus

Cedar Falls - Police responded to a call of a dead woman in the basement of Baker Hall on the campus of the University of Northern Iowa on Friday afternoon.

Two witnesses were questioned by police and detectives shortly after 1:00 p.m. One witness was overheard saying she saw a man wearing a black jacket and a hat, carrying a backpack, near the victim. Could this be a lover's quarrel or possibly a robbing gone bad?

The crime scene on Friday

The body was located in the electrical room in the bottom level of Baker Hall. The victim's belongings, including her bag and coat, were also found near the body.

No further information has been made available, but one law enforcement official said that the department would release details as soon as they could.
