MICHELLE'S MAGIC

If you didn't get the forwarded message from Donna recently, here is a cool- no **HOT**-concept to think about as we approach the new year(taken from www.simpletruths.com)

- At 211 degrees, water is hot.
- At 212 degrees, it boils.
- And with boiling water comes steam.
- And steam can power a locomotive.

It's that one extra degree, just one, that makes all the difference. And, so many times, it's that one extra degree of effort in business, and in life, that separates the good from the great.

So as we venture forth, let's give it our all - that extra degree - to sell an extra Valentine Bun, step out of our comfort zone and talk about Sertoma to a friend, or make it a point to bring a guest to a meeting. **Valentine Bun Contest!** The person who sells the most Valentine Buns this year wins free lunches at our March meetings.

Iowa Hands and Voices presented excellent information at our meeting. We will be deciding in upcoming Board meetings how to fund their organization. If you know of a family with a child who is Deaf or Hard of Hearing, you

may want to give them information about this wonderful organization - contact vhunting@qwest.net. Michelle****
