RE: On-Line Training

Dear Dr. Thompson:

The Indiana Bureau of Child Care endorses the proposed on-line training components developed by the NPPS. The training would count toward the required in-service training hours in the area of health and safety for licensed child care center employees. It is our understanding that participants will receive a certificate to verify completion of the training and the number of in-service hours earned.

Thank you for the opportunity for Indiana Child Care providers to participate in this training.

Sincerely,

Michelle Thomas
Child Care Administrator
Division of Family Resources
