

Energy Reduction Plan

I plan to reduce energy in the following ways
(√ all that apply):

Next week I will:

- turn off unneeded lights in my room
- turn off my computer or put it to "Sleep"
when not in use
- turn down my thermostat
- turn off my printer when not in use
- unplug my cell phone charger when not in
use

Next month I will:

- buy an energy-saving light bulb
- turn off the water when I brush my teeth
- use less water when I shower
- turn off my TV, stereo, video games when
not in use

Ne Next year I will:

- cover my room window w/ insulating
pla plastic in the winter
- buy an energy saving light bulb

In tIn the Next 5 years I will:

- purchase an energy efficient car
- choose housing that is well insulated
