

# A Quick Guide to NISG Campaign Finances

## President and Vice President

Campaigns for President/Vice President must not raise and spend more than \$1,500 on campaign expenses. Candidates are allowed an additional \$500 in in-kind donations (e.g. posters) or campaign expenses of any sort from outside groups. This will not count toward the spending cap, but candidates must submit receipts or estimates of the expenses to the Election Commission.

All President/Vice President Candidacies shall submit expense reports complete with receipts and samples by 5:00 PM CST every Friday to the NISG office. A final comprehensive expense report and any additional receipts shall be submitted to the NISG office within five hours of the close of the polls on Election Day. Candidates are encouraged to use a budget template provided by the Election Commissioner, but are not required to do so.
